

JB

# Joe Brannen

## Summary

Motivated and detail-oriented Front-End Developer with a proven track record of success in meeting business and client expectations. Eager to leverage my background in business as I seek to grow and develop my skills in building out software development requirements.

## Experience

### Student - Front-End Web Developer

08/2023 - Current

- Leveraged my growing skillset to create several visually appealing and responsive web pages that met project requirements.
- Received certifications from the following online learning platforms: Treehouse, Wes Bos, and CodeCademy.
- Utilized version control systems to track changes throughout the development process.

### RDCA - Account Manager

01/2021 - 07/2023

- Created an internal CRM and revenue tracking system enabling an organized approach to account outreach.
- 174% quota attainment.
- Routine interfacing with multiple business units

### MuleSoft - Account Development Representative

04/2019 - 08/2020

- Developed a thorough understanding of the greatest challenges tech leaders are having to overcome in their organizations.
- \$231,000 closed annual contract value with an additional \$800,000 in open pipeline.

### Granite Telecommunications - Regional Account Manager

05/2018 - 03/2019

- Recognized by company for workflow organization and use of the Salesforce CRM.
- Largest book of business in my training class.
